

SUSTAINABILITY POLICY

INDO-MIM is committed to ensure Sustainable Development by implementing Sustainable Development Goals (SDG's) in all its business operations and all stakeholders at large.

Mr. Krishna Chivukula Jr.
CEO

Our policy embraces following key principles:

- Utilizing sustainable energy sources thereby reducing carbon footprint
- Adopting 5R (Refuse, Reduce, Reuse, Recycle and Recovery) concept to ensure sustainable future.
- Encouraging employees to implement and promote sustainability initiatives.
- Contribution towards sustainable development of our society/planet for growth of global economy by contributing to eradicate hunger, poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water
- Promotion of education, including special education and employment enhancing vocation skills
- Promoting gender equality, empowering women, measures for reducing inequalities faced by socially and economically backward groups
- Ensuring environmental sustainability, ecological balance by increasing green belt for protection of flora and fauna, forestry, conservation of natural resources and maintaining quality of soil, air and water
- Creating awareness on UN Sustainability goals and climate change issues among all the employees, stakeholders and suppliers.
